Transferring your QTcT from Waves Exchange to TimeX.io

STAGE 1:

Registering and verifying an account on Timex.io

STAGE 2:

Withdrawing your QTcT from the Waves exchange to Timex.io

STAGE 1

Registering and verifying an account on Timex.io

Please be advised that following steps mentioned below are obligatory in order to complete verification to LEVEL 4. Please note that Verification to Level 4 is made obligatory for Quantocoin token Swap in order to be in line with latest European & Global KYC & AML practices.

Registering your account on TimeX.io

1. Go to Timex.io on your computer or your mobile device
2. Click on register
3. Enter your personal email address and a strong and secure password
4. Go to your email account, and confirm your email by copying the confirmation code provided and pasting it on timex.io

Getting LEVEL 4 verification

1. Click on the “profile” button, and click on the verification upgrade button
2. Enter your mobile number, and wait for verification code to be sent via text message
3. Enter the verification code into Timex.io and proceed
4. Enter your personal details
5. Enter your personal address (ensure this address is the same on all your supporting documentation)
6. Accept the Terms and Conditions and click on save
7. Wait until approval is granted then proceed
8. Upload a selfie of you holding your passport next to your face (taken with good lighting and no obstructions)
9. Upload a clear photo of your scanned passport picture page
10. Upload a document supporting your proof of address (for example: a water or electricity bill dated no later than 6 months from the application date, stating clearly your full name and your personal address).

Once all documents have been uploaded, submit your application and check back frequently over the next 3-10 business days. In case of any feedback, please follow instructions from Timex.io and correct any errors.

During the time it takes to complete your Level 4 verification, you can begin with Stage 2. Please note that your personal QTC will only be available in your Time.io Wallet, however will only become accessible to trade to QTC once you have successfully completed level 4 verification and the applicable vesting periods have passed.

STAGE 2

Withdrawing your QTCT from the Waves exchange to Timex.io

1. Go to <https://waves.exchange/> on your personal computer or access the Waves App through your mobile device

a. If you already have an existing account, just log in with your username and password

- *In case you have forgotten your password, you can sign in using your seed phrase by clicking on Log in and then selecting software.*
- *If you have misplaced or lost your seed phrase you unfortunately not access your wallet at all, and neither Quantocoin, or either of the exchanges will be able to help you. For this reason, it is extremely important that your seed phrase is at all times stored in a secure place.*

b. If you do not already have an existing Waves account, click on “Sign Up”

- Click on email, enter your personal email address and, create a strong and secure password
- Go to your email account, and copy the verification code
- Paste the verification code on the Wave exchange
- Then enter your username and password that you just created and proceed to the waves exchange

2. Once on the exchange, you will need to purchase Waves Tokens in order to cover the transfer fees for moving the QTCT from the Waves exchange to Timex.io. You only need .001 Waves, however, the minimum deposit you can make is USD 10. Maintaining Waves tokens as a balance could provide further utility to you whilst navigating and using the Waves exchange.
