QuantoPay VISA Approval Announcement

We are thrilled to announce that after several months of research, due diligence and fine tuning, **QuantoPay®** received the **official approval from VISA®**! In other words **QuantoPay®** is *"Good to Go"*.

After some final application development adjustments, VISA card printing and security stress tests QuantoPay® alongside its financial partner CONTIS will roll-out the QUANTOPAY® Mobile Only Challenger Bank alongside its VISA Cards in **summer 2021**.

To reserve your card just register on our webpage www.quantopay.com.

Whoever would like to support and join the project in this crucial final phase before GO LIVE, you are welcome to join as many have done already, including some of our ambassadors and various service providers. We have for that particular purpose still **Convertible Notes over EUR 1m** out, which would provide you after 18 month with the option to receive your contribution back, plus 8% interest, or to receive real shares in QuantoPay Ltd, London. If interested, please contact us under info@quantopay.com and we shall provide you with the required information and documents.

For all the crypto and blockchain enthusiasts, our **QUANTOCOIN application will be onboarded in line with the VISA approval process right after GO LIVE**, but together with the cryptocurrency exchange **LATOKEN** we are targeting already **5th May 2021 (TBC) for an early exchange listing**, to be followed by other exchanges like **BINANCE**. We would like to send an urgent reminder to all of you which have not yet opened their Quantocoin / Waves wallets (<http://www.waves.exchange/>) so we can transfer your Quantocoin Tokens accordingly and in case you have not yet paid, now it's the right time, as up from the listing of QTCT we are not able to support you further on that.

Whoever would like to contribute in our ongoing IEO as final ICO stage before listing, you are still invited to obtain currently at **USD 44 per QTCT 1 until 30th April 2021**. Just check our webpage www.quantocoin.io or go directly to <https://latoken.com/ieo/QTCT> in order to purchase easily via Credit Card.

As always, before participating in our IEO/ICO or obtaining convertible notes, obtain proper advise and please read our T&C and White Paper on www.quantocoin.io “.
